Rita – thanks for the follow up email. My notes show that you are going to provide design drawings from your consultant to EPA in July for our review.

I think I did ask you to consider whether the city would be more inclined to acquire the property via condemnation if the buildings were removed. Perhaps that's what you were trying to think of.

**Subject:** Call Follow Up

Hi Mary, thanks for the time on the phone last week. We are very excited to learn about additional discussions and possible next steps, and appreciate the continued work of EPA on this very complex matter. I wanted to follow up; it's in the back of my mind that I owed you a follow up email with information and my notes aren't helping me recall if that's correct. Please advise if you would, thanks.

We are continuing meetings with City consultants to vet the police department and school district uses and will be planning some joint sessions soon that will allow us to send more detail. Development activity with processes for Hubbell and Sherman to the east continues to be moving along well.

Happy 4<sup>th</sup>!!

Rita Conner
